## Rev. Justus Miwanda

Executive Director

International Needs Network Ministries Uganda

Abandoned as a child...

...inspired to make a difference...

...now changing the world.

*changing the world*

## Justus and International Needs Uganda

Justus is a qualified teacher and has studied health administration and theology. He is an ordained Minister and co-pastors a small church in the Kampala slums. Justus is married to Deborah and has three children aged 10- 4.

Uganda has suffered from a long history of underdevelopment. As a result a large proportion of the population has very little if any access to health and education facilities as well as limited access to clean water supplies. International Needs Uganda is changing this situation.

The ministries run by International Needs in Uganda include a medical centre, two primary schools, two secondary schools, various community development programs and a bible school. Justus is a fantastic speaker and has an amazing story to share of how he and his team are changing the world.

Please Contact Ian Neil as soon as possible to have Justus visit your group or organisation, dates are filling up so be quick.

Justus will be in Australia in August 2009.
